POLICY

Council determines the direction of the College through Strategic Planning and setting goals and objectives to accomplish the Strategic Plan.

INDICATORS

Council will:

- i. conduct environmental scans, analysis of strengths, weaknesses, opportunities and threats, research trends and emergent issues to determine the strategic direction of the College.
- ii. develop a Strategic Plan supporting the role and responsibilities of the College and Council.
- iii. develop goals and objectives to achieve the Strategic Plan.
- iv. Work with staff to create a work plan to accomplish the goals and objectives.
- v. review the Strategic Plan at least annually.
- vi. add to the Strategic Plan, by Council motion, as needed.
- vii. ensure the Strategic Plan is supported by adequate resources including budget and personnel.
- viii. regularly review progress on achieving the goals and objectives.
- ix. communicate the strategic direction of the College to members and other stakeholders.
